

Thermal Grease 20g Grey

Model: YJ-G190

Features:

- High Stability and reliability.
- Apply to CPU, VGA, LED, Chipset and other PC components.
- Low thermal resistance, high conductivity for heat transfer.
- Compliance with RoHS REACH PFOS requirements.

Specifications:

- Thermal Conductivity: $> 1.9\text{W/m}\cdot\text{k}$
- Thermal Resistance: $< 0.225^{\circ}\text{C}\cdot\text{in}^2/\text{W}$
- Color: Grey
- Dimensions: 16cmx2.1cm
- Weight: 20g

Made in China
