

PRODUCT-DETAILS

## TA25DU-3.1M TA25DU-3.1M Thermal Overload Relays

| General Information                  |   |
|--------------------------------------|---|
| Extended Product Type                | TA25DU-3.1M   |
| Product ID                           | 1SAZ211201R2031   |
| EAN                                  | 4013614482496   |
| Catalog Description                  | TA25DU-3.1M Thermal Overload Relays   |
| Long Description                     | TA25DU-3.1M (2.2-3.1A) thermal overload relay is an economic electromechanical<br>protection device for the main circuit. It offers reliable and fast protection for motors in the<br>event of overload or phase failure. The device has trip class 10A. Further features are the<br>temperature compensation, trip contact (NC), signal contact (NO), automatic- or manual<br>reset selectable, trip-free mechanism, STOP- and Test function and a trip indication. The<br>overload relays are connected directly to the block contactors. Single mounting kits are<br>available as accessory. |
