

# Metal Soldering Iron Stand

## Description:

The 3-in-1 Multi-functional Metal Soldering Iron Stand allows you to safely put the soldering iron on the stand so you can concentrate on your work. With a smart 3-in-1 design, it is built with a metal hanger for soldering wires and a receptacle for quick iron placement. Durable construction provides high stability and rigidity. Moreover, the dent on the base is specifically designed for soldering sponge, helping to remove tin residue and clean the tip of the soldering iron. It surely is worth your investment.

## Features:
